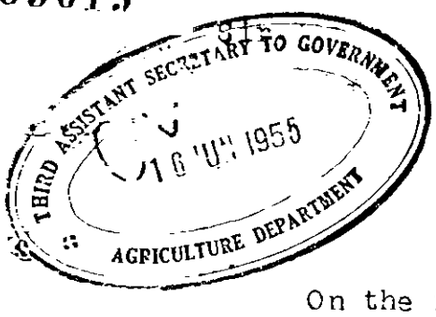
R.C. No.22538-X3/54 dt. 11.6.55.



Sub: Education--Fisheries--Elementary School at Bekal in South Kanara District--Construction of a pacca building--regarding.

Ref: G.O. Ms. No.1306 Agriculture dt. 10.5.55.
... P 17 of (4)

On the night of the 5th June 1954 the building in which the fisheries Elementary School was ~~located~~ housed collapsed due to cyclone and the other building in which the High School was housed was slightly damaged. A report about the damages caused to the buildings was submitted to Government and Government have sanction in the G.O. cited the write off of a sum of Rs.1,162-5-4 towards the cost of a portion of building and cost of certain articles damaged.

After the collapse of the departmental building of the Fisheries Elementary School at Bekal, it was proposed to construct a pucca building at a cost of Rs.15,200/- with 250 school places. The estimate and plan prepared by this Department was got scrutinised by the Executive Engineer, Public Works Department. The Assistant Director of Fisheries, Mangalore has subsequently reported that the question of opening one Elementary School at Kottikulam (near Bekal) with reference to the request of Fishermen at Kottikulam is being examined in consultation with the District Education Officer, South Kanara and that in the event of opening an Elementary School at Kottikulam (the staff and equipment of the present school at Bekal will be separated) there is no need for constructing a pucca building proposed for Bekal Elementary School. The question of constructing a pucca building at a cost of Rs.15,200/- has therefore been deferred.

In the meanwhile the Executive Engineer, Publci Works Department, South Kanara has sent a bill for Rs.152/- towards scrutiny charges of the above estimate for Rs.15,200/- towards the construction of the building.

I request that Government may be pleased to sanction the amount of Rs.152/- for payment to Public Works Department as centage charges.
